WIDE RANGE OF ACCESSORIES

WWW.MOVIETECH.DE | INFO@MOVIETECH.DE | +49 (0) 89 436891 3
The MovieTech GRIP KIT is a modular construction kit that offers you a wide range of assembling possibilities. It is the variable tool kit for your daily needs on set.

You can mount your GRIP KIT with tree or four legs, on studio wheels or levelling legs, with a platform or without, on tracks or on the floor – whatever fits your needs.

A wide range of accessories such as levelling legs, seat arms and bazookas offer many functional features for all professional requirements.
HIGHLIGHTS

EXPERIENCE THE FLEXIBILITY OF THE MT GRIP KIT

Studio wheels:
The MT Grip Kit is suitable for a quick and uncomplicated use on plain studio floors. The silent and smooth studio wheels are equipped with brakes. The Grip Kit can be used with three, four and five arms. The 28 mm receiving bores allow a wheel change in seconds.

Track wheels and turnstile:
To use the MT Grip Kit on Master- and Movie tracks Skateboard wheels are available. The curlings are made of a special kind of hard rubber and run extremely smooth. The turnstile allows to mount two seat arms and turn them around the center position.

Levelling legs for every situation:
Levelling legs are available in two lengths of 55 mm and 150 mm adjustment range. The levelling legs allow to equalize small roughness's in the floor as well as bigger holes in the surface. Also spikes are available.

Fits a broad range of accessories:
The MT Grip Kit offers various options to fit accessories and adapts to each shooting conditions. The arms can be mounted in 12 positions each 30° out of 360°. Up to 6 arms can be mounted at the same time.
